Dear Kyabje Kalu Rinpoche and team,

On behalf of the Kagyu Pende Gyamtso Tibetan Buddhist Center, I would like to thank you and Dharmapala Association for your generous donation of 1500€ which will be destined towards alleviating the suffering of the growing number of people in need in Brazil.

The pandemic has had very harsh effects in Brazil. Along with the spread of covid-19 and its well-known devastating effects on so many people, we have unfortunately also been witnessing its economic consequences - an increase in poverty, homelessness, unemployment. Some people have been seeing this moment as an opportunity to help those around who are in need, and to show compassion and kindness. In KPG as well, many have been actively involved in preparing and distributing meals to the homeless, distributing clothes and blankets etc. Especially in a moment like this, these types of actions really shine through. However, one can only do the best one can with the resources available at the moment.

By means of your generous and timely donation, we will be able to help a considerably larger number of people in need. Your donation will be destined towards mitigating the hunger, cold and destitution in general of those who are currently in most need of help. We are certain that this act of generosity will also be very deeply appreciated by those who will come in contact with your kindness and compassion in the form of much needed and immediate alleviation of suffering.

We are deeply grateful for keeping us in your thoughts. May this wonderful act of generosity inspire many.

Yours sincerely,

Cássio Mendes

President of Kagyu Pende Gyamtso's Administration Board
